

## Waterless Wash & Shine

### **Product Description:**

Conserve water the next time you wash your vehicle with EGS CLEAN. Our premium formula is designed to penetrate and disintegrate tough and unsightly oil, grease, tree sap and grime stains with minimal effort and no water, hoses, buckets, or messes. Even though this product is tough on grease and dirt, it is designed to be safe and effective to use on all painted, clear coat, vinyl, rubber, and plastic surfaces to provide a streak-free shine. This product is versatile enough to accomplish the cleaning needs for a variety of surfaces and purposes. Not only will EGS CLEAN leave your car with a professional showroom shine, it also offers the convenience of being able to wash your car virtually anywhere.

---

### **Performance Features:**

- Fresh citrus scent
- Easy to apply and may be used on wet or dry surfaces
- Gently lifts and emulsifies dirt and grime off most surfaces
- Does not leave behind sticky residue or buildup – only a brilliant shine
- Does not contain petroleum distillates, abrasive or other harmful chemicals
- Eco-friendly - conserves thousands of gallons of water that normally would be used
- Non-aerosol formula contains no chlorofluorocarbons (CFCs)

---

### **Typical Applications:**

EGS CLEAN can be used over non-porous surfaces containing light or moderate levels of dirt, grease or grime. Coarse materials and gritty surfaces should be removed prior to using EGS CLEAN. For precautionary measures, always spot test in an inconspicuous area when using EGS CLEAN for the first time on any surface. Shake bottle vigorously for 10-15 seconds before use. Hold the bottle 10-15 inches away and spray a generous coat of EGS CLEAN on a small section of vehicle (2-3 square foot) with a broad sweeping motion. Continue around the car until the entire vehicle is clean. For windows and other surfaces, apply a light and even coating. Immediately and gently rub EGS CLEAN onto the surface with a soft and clean terry or micro fiber towel until clean. Each 16-ounce bottle provides approximately 4 to 6 washes depending on the size of the vehicle.

### **Available Sizes:**

SIZE	CASE QTY.	PART NO.	TREATS
16-Ounce Bottles	6	L40016	4 - 6 vehicles
55-Gallon Drum	-	L40055	-
